Predicting a Twitter User's Myers-Briggs Personality Type

1 Introduction

The Myers Briggs Type Indicator (or MBTI for short) is a personality type system that divides everyone into 16 distinct personality types across 4 axis:

Introversion (I) – Extroversion (E) Intuition (N) – Sensing (S) Thinking (T) – Feeling (F) Judging (J) – Perceiving (P) So for example, someone who prefers introversion, intuition, thinking and perceiving would be labelled an INTP in the MBTI system, and there are lots of personality based components that would model or describe this person's preferences or behaviour based on the label.

It is one of, if not the, the most popular personality test in the world. It is used in businesses, online, for fun, for research and lots more. A simple google search reveals all of the different ways the test has been used over time. It's safe to say that this test is still very relevant in the world in terms of its use.

Monitor Performance and Early Stopping

"XGBoost model can evaluate and report on the performance on a test set for the model during training. It supports this capability by specifying both a test dataset and an evaluation metric on the call to model.fit() when training the model and specifying verbose output (verbose=True). For example, we can report on the binary classification error rate (error) on a standalone test set (eval_set) while training an XGBoost model."

Feature Importance with XGBoost

"A benefit of using ensembles of decision tree methods like gradient boosting is that they can automatically provide estimates of feature importance from a trained predictive model. A trained XGBoost model automatically calculates feature importance on your predictive modeling problem."

Show feature important plot and list for the first indicator:

```
[60]:  # Get the first indicator
       y = list_personality[:,0]

       # Fit the model on the training data
       model = XGBClassifier()
       model.fit(X, y)

       # Plot feature importance
       ax = plot_importance(model, max_num_features=25)

       fig = ax.figure
       fig.set_size_inches(15, 20)
       plt.show()
```

# Print the features

How to Configure Gradient Boosting

A number of configuration heuristics were published in the original gradient boosting papers. They can be summarized as:

- Learning rate or shrinkage (learning_rate in XGBoost) should be set to 0.1 or lower, and smaller values will require the addition of more trees.
- The depth of trees (tree_depth in XGBoost) should be configured in the range of 2-to-8, where not much benefit is seen with deeper trees.
- Row sampling (subsample in XGBoost) should be configured in the range of 30% to 80% of the training dataset, and compared to a value of 100% for no sampling.

XGBoost Hyperparameter Tuning

The scikit-learn framework provides the capability to search combinations of parameters. This capability is provided in the GridSearchCV class and can be used to discover the best way to configure the model for top performance on your problem.

The parameters to consider tuning are:

- The number and size of trees (n_estimators and max_depth).
- The learning rate and number of trees (learning_rate and n_estimators).
- The row and column subsampling rates (subsample, colsample_bytree and colsample_bylevel).

```

However, Winston Churchill once said, "if you're going through hell, keep going." As long as you are alive and well, there will always be hope, and you should always be thankful.

1263620083080851457 2020-05-22 06:57:59 WIB <AthiyaD> I also got to celebrate my birthday at home, study for the GREs and actually take the time to research about the grad schools and degrees that I'm actually interested in. I've also recently found out that I really enjoy data science!

That is more than what a lot of people could ask for at the moment and I am thankful for that.

1263618648800804865 2020-05-22 06:52:17 WIB <AthiyaD> For the past few months I found it really difficult to be productive. It's not because of the whole work from home thing, but I guess I was just so mad about everything falling apart I just didn't want to work hard anymore knowing that it can all be taken away from me.

1263618019625852928 2020-05-22 06:49:47 WIB <AthiyaD> I guess what I've been trying to say is that I had a seemingly fool-proof plan - a plan that if I worked hard and give my 100% effort, everything will fall perfectly into place. Unfortunately, my plan B and plan C did not take into account a global pandemic

1263617143746080768 2020-05-22 06:46:18 WIB <AthiyaD> I also planned to do some kind of grad schools tour around the US and buddy up with someone important from that school who works at Google who might be willing write me a recommendation letter

1194022592446914560 2019-11-12 05:42:24 WIB <AthiyaD> I think the informatics career path is ridiculously demanding - we're expected to do side projects on top of coursework, spring and summer internship, external competitions/seminars, WHILE also graduating Bachelors with at least a 2:1 (equivalent to 60%) honours.
1194021165704056833 2019-11-12 05:36:44 WIB <AthiyaD> The course choices for Artificial Intelligence and Computer Science students this year are absolutely terrible - you overload your coursework in the first semester (having 4 running coursework in two weeks) and overload exams in the second

1194019900165107715 2019-11-12 05:31:42 WIB <AthiyaD> Just sat down for more than 12 hours to finish a coursework (in addition to the several days of on and

1254877727804600321 2020-04-28 03:58:59 WIB <realDonaldTrump> I will be having a
White House Press Conference today at 5:30 P.M. Thank you!
1254782650679615492 2020-04-27 21:41:11 WIB <realDonaldTrump> Why should the
people and taxpayers of America be bailing out poorly run states (like Illinois,
as example) and cities, in all cases Democrat run and managed, when most of the
other states are not looking for bailout help? I am open to discussing anything,
but just asking?
1254769296280031232 2020-04-27 20:48:07 WIB <realDonaldTrump> FAKE NEWS, THE
ENEMY OF THE PEOPLE!
1254767509460234243 2020-04-27 20:41:01 WIB <realDonaldTrump> There has never
been, in the history of our Country, a more vicious or hostile Lamestream Media
than there is right now, even in the midst of a National Emergency, the
Invisible Enemy!
1254747293414305792 2020-04-27 19:20:41 WIB <realDonaldTrump> Blame the
Democrats for any ''lateness'' in your Enhanced Unemployment Insurance. I wanted
the money to be paid directly, they insisted it be paid by states for
distribution. I told them this would happen, especially with many states which
have old computers.
1254586604360011776 2020-04-27 08:42:10 WIB <realDonaldTrump> So true!
https://twitter.com/realDonaldTrump/status/1254172638307586049 ...

1254577575449497602 2020-04-27 08:06:17 WIB <realDonaldTrump> American citizens!
We were long ahead of Dems, who were all against the BAN.
https://twitter.com/DonaldJTrumpJr/status/1254409196998725633 ...
1254575880510287872 2020-04-27 07:59:33 WIB <realDonaldTrump> Great!
https://twitter.com/KayaJones/status/1254399408009068544 ...
1254566538725797888 2020-04-27 07:22:26 WIB <realDonaldTrump> They are one of
the worst in the ''news'' business. Total slime balls!
https://twitter.com/PressSec/status/1254460454971342854 ...
1254565907399139328 2020-04-27 07:19:55 WIB <realDonaldTrump> They asked me to
be at West Point on June 13th., & I will be there!
https://twitter.com/DavidJUrban/status/1254476433667297282 ...
1254564582020059136 2020-04-27 07:14:39 WIB <realDonaldTrump> Laura, just
another Fake News Report!
https://twitter.com/IngrahamAngle/status/1254539514699304960 ...
1254544354603143168 2020-04-27 05:54:17 WIB <realDonaldTrump> Does anybody get
the meaning of what a so-called Noble (not Nobel) Prize is, especially as it
pertains to Reporters and Journalists? Noble is defined as, ''having or showing
fine personal qualities or high moral principles and ideals.'' Does sarcasm ever
work?
1254529069733105665 2020-04-27 04:53:32 WIB <realDonaldTrump> Reports that
H.H.S. Secretary @AlexAzar is going to be ''fired'' by me are Fake News. The
Lamestream Media knows this, but they are desperate to create the perception of
chaos & havoc in the minds of the public. They never even called to ask. Alex is
doing an excellent job!
1254520891863678977 2020-04-27 04:21:03 WIB <realDonaldTrump> ...fraud
@donnabrazile (and others who are even worse). Chris Wallace is nastier to
Republicans than even Deface the Nation or Sleepy Eyes. The people who are
watching @FoxNews, in record numbers (thank you President Trump), are angry.
They want an alternative now. So do I!
1254520890991218691 2020-04-27 04:21:02 WIB <realDonaldTrump> ...Even the
Radical Left Do Nothing Democrats laughed at the Fox suggestion. No respect for
the people running @FoxNews. But Fox keeps on plugging to try and become
politically correct. They put RINO Paul Ryan on their Board. They hire ''debate
questions to Crooked Hillary''...
1254520889212837890 2020-04-27 04:21:02 WIB <realDonaldTrump> .@FoxNews just
doesn't get what's happening! They are being fed Democrat talking points, and
they play them without hesitation or research. They forgot that Fake News @CNN &
MSDNC wouldn't let @FoxNews participate, even a little bit, in the poor ratings
Democrat Debates...
1254477491642732552 2020-04-27 01:28:35 WIB <realDonaldTrump> ...schedule and
eating habits, written by a third rate reporter who knows nothing about me. I
will often be in the Oval Office late into the night & read & see that I am
angrily eating a hamburger & Diet Coke in my bedroom. People with me are always
stunned. Anything to demean!
1254477490678104064 2020-04-27 01:28:35 WIB <realDonaldTrump> I work from early
in the morning until late at night, haven't left the White House in many months
(except to launch Hospital Ship Comfort) in order to take care of Trade Deals,
Military Rebuilding etc., and then I read a phony story in the failing @nytimes

about my work...

1254475682723307520 2020-04-27 01:21:24 WIB <realDonaldTrump> The people that know me and know the history of our Country say that I am the hardest working President in history. I don't know about that, but I am a hard worker and have probably gotten more done in the first 3 1/2 years than any President in history. The Fake News hates it!

1254465783821934595 2020-04-27 00:42:04 WIB <realDonaldTrump> .@CardinalDolan Thank you for a great call yesterday with Catholic Leaders, and a great Service today from @StPatsNYC!

1254441783523762182 2020-04-26 23:06:42 WIB <realDonaldTrump> Happy Birthday to Melania, our great First Lady!

1254215201911644163 2020-04-26 08:06:20 WIB <realDonaldTrump> Had a great call with Catholic Leaders and Educators earlier today. I will be online tomorrow at 10:15 A.M. (Eastern) for Sunday Mass celebrated by @CardinalDolan at St. Patrick's Cathedral (@StPatsNYC) in New York City. Join me: https://saintpatrickscathedral.org/live pic.twitter.com/iQy5iH5Lk6

1254174221481246721 2020-04-26 05:23:30 WIB <realDonaldTrump> I never said the pandemic was a Hoax! Who would say such a thing? I said that the Do Nothing Democrats, together with their Mainstream Media partners, are the Hoax. They have been called out & embarrassed on this, even admitting they were wrong, but continue to spread the lie!

1254172638307586049 2020-04-26 05:17:13 WIB <realDonaldTrump> Remember, the Cure can't be worse than the problem itself. Be careful, be safe, use common sense!

1254168730898173953 2020-04-26 05:01:41 WIB <realDonaldTrump> What is the purpose of having White House News Conferences when the Lamestream Media asks nothing but hostile questions, & then refuses to report the truth or facts accurately. They get record ratings, & the American people get nothing but Fake News. Not worth the time & effort!

1254145835450933249 2020-04-26 03:30:42 WIB <realDonaldTrump> Was just informed that the Fake News from the Thursday White House Press Conference had me speaking & asking questions of Dr. Deborah Birx. Wrong, I was speaking to our Laboratory expert, not Deborah, about sunlight etc. & the CoronaVirus. The Lamestream Media is corrupt & sick!

1254077550541844480 2020-04-25 22:59:22 WIB <realDonaldTrump> If the Wall Street Journal ''Editorial'' writers had called, as they should have, they would have easily found that I was ''NOT happy with the Georgia Governor on Tuesday night.'' You said the opposite, and got it wrong as you often do!

1254064154954076163 2020-04-25 22:06:08 WIB <realDonaldTrump> The Do Nothing Democrats are spending much of their money on Fake Ads. I never said that the CoronaVirus is a ''Hoax'', I said that the Democrats, and the way they lied about it, are a Hoax. Also, it did start with ''one person from China'', and then grew, & will be a ''Miracle'' end!

1254061979607711745 2020-04-25 21:57:29 WIB <realDonaldTrump> We have now Tested more than 5 Million People. That is more than any other country in the World, and even more than all major countries combined!

1254060573655998466 2020-04-25 21:51:54 WIB <realDonaldTrump> It is a wonderful feeling to know that our States are loaded up with Ventilators, many brand new and high quality just off of our production lines, and that we are now in a

position to help other countries that so desperately need them. Every person needing a Ventilator got one!

1254050117767880706 2020-04-25 21:10:21 WIB <realDonaldTrump> Just spoke to Prime Minister Abiy Ahmed Ali of Ethiopia. His Country needs Ventilators, and the U.S. is in good position to help him. We will!

1254032243770736642 2020-04-25 19:59:20 WIB <realDonaldTrump> Many testing sites are, and have been, open & available. Just passed 5 Million Tests, far more than any other country in the world. In fact, more than all other major countries combined! Don't believe the Fake News! https://twitter.com/CDCgov/status/1253768673338118144 ...

1254028869859971072 2020-04-25 19:45:55 WIB <realDonaldTrump> Thank you to the people of Colorado for the warm and gracious notes and letters sent to me for all of the Ventilators we got for you. It was my great honor! @SenCoryGardner

1254022414058631170 2020-04-25 19:20:16 WIB <realDonaldTrump> .@TripleH is a total winner! https://twitter.com/VinceMcMahon/status/1253768179517657088 ...

1254021070379769856 2020-04-25 19:14:56 WIB <realDonaldTrump> Thank you to William Perry Pendley of the Bureau of Land Management. Great job on @TuckerCarlson describing some of the most beautiful land in the world! @FoxNews

1253788620642750464 2020-04-25 03:51:16 WIB <realDonaldTrump> I will be having a White House Press Conference today at 5:30 P.M. Thank you!

1253762674137149446 2020-04-25 02:08:09 WIB <realDonaldTrump> I will never let our Post Office fail. It has been mismanaged for years, especially since the advent of the internet and modern-day technology. The people that work there are great, and we're going to keep them happy, healthy, and well!

1253700113383534598 2020-04-24 21:59:34 WIB <realDonaldTrump> Great conversation with President Lenin Moreno of the Republic of Ecuador. We will be sending them desperately needed Ventilators, of which we have recently manufactured many, and helping them in other ways. They are fighting hard against CoronaVirus!

1253699994516946945 2020-04-24 21:59:05 WIB <realDonaldTrump> Just spoke to President Juan Orlando Hernandez of the Republic of Honduras. We work closely together on the Southern Border. Will be helping him with his request for Ventilators and Testing.

1253697625573990400 2020-04-24 21:49:41 WIB <realDonaldTrump> Great News! Randall Stephenson, the CEO of heavily indebted AT&T, which owns and presides over Fake News @CNN, is leaving, or was forced out. Anyone who lets a garbage ''network'' do and say the things that CNN does, should leave ASAP. Hopefully replacement will be much better!

1253695275585220608 2020-04-24 21:40:20 WIB <realDonaldTrump> I (or @VP) never gave Governor Brian Kemp an OK on those few businesses outside of the Guidelines. FAKE NEWS! Spas, beauty salons, tattoo parlors, & barber shops should take a little slower path, but I told the Governor to do what is right for the great people of Georgia (& USA)!

1253690189144379392 2020-04-24 21:20:08 WIB <realDonaldTrump> Just spoke to President Nayib Bukele of El Salvador. Will be helping them with Ventilators, which are desperately needed. They have worked well with us on immigration at

the Southern Border!

1253688241947107331 2020-04-24 21:12:23 WIB <realDonaldTrump> Just spoke to my friend, President Joko Widodo of the Republic of Indonesia. Asking for Ventilators, which we will provide. Great cooperation between us!

1253683467801563138 2020-04-24 20:53:25 WIB <realDonaldTrump> Our Country wants to move safely forward. There is a tremendous pent up demand. We will open big!

1253681801018605568 2020-04-24 20:46:48 WIB <realDonaldTrump> The Fake and totally corrupt News is after her as a means of getting to me. She's smart and strong, knows the truth. Already a heroine to many! https://twitter.com/GOPChairwoman/status/1253495197805301762 ...

1253679654734573570 2020-04-24 20:38:16 WIB <realDonaldTrump> Getting VERY good reviews of the job the Federal Government is doing on CoronaVirus. Ventilators, building hospitals, beds and yes, Testing, have been handled incredibly well. Testing is getting exponentially better every day. Love seeing our Country safely opening up!

1253541647696179200 2020-04-24 11:29:53 WIB <realDonaldTrump> Important news! https://twitter.com/WhiteHouse/status/1253102278971666437 ...
